### **INTRODUCTION**

The Minority Cell of the college aims to empower minority communities within the institution. Embracing the principle that "every student has a right to education," the college is dedicated to meeting the educational and cultural needs of minority students alongside those of other castes, creeds, and nationalities. The Minority Cell supports the academic development of minority students, including Christians, Muslims and others

### **OBJECTIVES**

- To enhance equal educational opportunities for minority students.
- To facilitate financial support from governmental agencies and other sources for students from minority communities.

- To inform minority students about various scholarship programs offered by the State Government and UGC.
- To implement follow-up measures to achieve the objectives and targets set by the Government of India and the UGC.
- To create a safe and secure environment for all minority students.
- To encourage minority students to enroll in career orientation programs that empower them with necessary skills for career choices.
- To provide prompt counselling for any emotional emergencies arising from campus events.
- To ensure protection and reservation as provided in the Constitution of India.

## **KEY RESPONSIBILITIES**

- Collecting reports and information on State Government and UGC orders regarding education and employment of minority students.
- Disseminating information about State Government and UGC decisions on different scholarship programs.
- Communicating with students to motivate them for better future planning.
- Providing assistance to minority students through counselling, personality development, communication skill development, and preparatory classes for professional and employment purposes.
- Actively coordinating and resolving issues related to coaching and other measures to ensure the education system elevates minority students to a level that is quantitatively and qualitatively indistinguishable from the rest of society.
