ALUMNI FEEDBACK REPORT

On curriculum

Alumni feedback is an invaluable resource for our institution, providing critical insights into the effectiveness of our programs and services. Our graduates' experiences and perspectives help us to identify strengths and areas for improvement, ensuring that we maintain high standards of education and support for current and future students. This report outlines the actions taken in response to the feedback received from our esteemed alumni. It summarizes the key themes and concerns raised, details the steps we have implemented to address these issues, and highlights our ongoing commitment to enhancing the quality of our educational offerings and campus environment.

Objective

To analyze alumni feedback on various aspects of the courses and academic initiatives provided by the institution.

Methodology

Alumni were surveyed using a structured questionnaire. Respondents rated their agreement with statements on a five-point Likert scale: strongly disagree, disagree, neutral, agree, strongly agree. Below is a detailed report based on the responses received. The total number of responses is 60.

Action taken:

- Implement workshops and remedial classes for challenging topics.
- Introduce more interactive and practical elements, such as case studies, projects, and field trips relevance to Programme
- Incorporate feedback from industry experts and academic advisors to ensure comprehensive coverage.
- Offer interdisciplinary learning opportunities to broaden students' knowledge base.

Conclusion:

The institution will implement the above actions to address alumni feedback and improve the academic experience. Regular reviews and continuous feedback collection will ensure that the institution remains responsive to the needs of its students and alumni, fostering an environment conducive to learning and professional growth.
